What is this product?

Type

The Sub-fund is part of INCOMETRIC FUND, organized under the laws of the Grand Duchy of Luxembourg as a mutual investment fund. This Fund is authorised and supervised in Luxembourg by the CSSF. The Depositary is Quintet Private Bank (Europe) S.A.

Term

The investment horizon is medium term and should be at least 5 years.

Objectives

The objective of the Sub-Fund is to invest directly in equity and fixed income with an opportunistic investment approach. The investment selection is based on quantitative criteria as well as qualitative ones. The Sub-Fund is actively managed without any reference to a benchmark.

Depending on market conditions, investments may be focused on one asset class and/or on one geographical area and/or one sector of economic activity and/or one currency only. The allocation will be made in order to maximize the profitability/risk ratio of the Sub-Fund and generate capital appreciation over time with no particular restrictions. It is intended to leave to the Investment Manager the needed flexibility in order to take advantage of the opportunities the markets offer.

The Sub-Fund will invest directly in equity and equity related securities, as well as in fixed income securities (including but not limited to: fixed-rate or floating securities, zero-coupon bonds and sovereign/government bonds). The Sub-Fund will not invest in High-Yield bonds, not rated bonds, defaulted bonds, Asset Backed Securities, and Contingent Convertibles (CoCos).

In case an eligible bond in the portfolio becomes High Yield, not rated, or defaulted, the Sub-Fund will take immediate steps to remove the positions from the portfolio, taking into account the best interest of the Sub-Fund's shareholders.

The Sub-Fund will not invest more than 30% of its assets in securities from Emerging Markets.
